ORDERING POLICIES

- All orders over $10 will be sent postpaid and insured. Orders under $10 are accepted, but must include 50¢ for postage and handling costs.
- Illinois residents must include the 5% State Sales Tax in their orders.
- All material carries a full 5-day return privilege. Your purchase price will be promptly refunded upon our receipt of any unsatisfactory merchandise — you, the customer, MUST be totally satisfied with any material we offer. This holds true for material returned for whatever reason.
- All material sold by RARCOA is unconditionally guaranteed to be genuine and as represented. You can order with confidence from a firm with established credentials. This is especially important in today's rising market where proper value is of the utmost importance.
- Although we do our best to maintain as complete a stock as is possible, it may happen that an item you request has been sold prior to our receipt of your order. We realize how disappointing it can be to have your check returned, so we ask that second choices be listed where a substitution is possible — especially if you are ordering a "type" coin. We promise not to abuse this privilege, and will send second choices only when absolutely necessary.
- You may call collect to reserve any items that total $100 or more.
- Any order of $10 or more can be charged to your BankAmericard or MasterCharge cards. Please include your name, exactly as it appears on the card, and list all the raised information on the card (include the four-digit bank number on MasterCharge cards).
- Personal checks are acceptable, but 10 days clearance must be allowed for persons with whom we have not done business or do not submit sufficient references. Cashier's or Certified Checks or Money Orders are preferable, and the material will be shipped, in most cases, the same day when payment arrives in this form.
- All photographs in this listing are of the actual items being offered.

Rare Coin List

SUMMER 1975

The following pages contain the largest, most comprehensive listing of material it has ever been our pleasure to offer. There are no less than ten separate categories covering virtually the entire numismatic spectrum from U.S. Colonial Coins to Autographs and prices ranging from five to several thousand dollars.

There are numerous bits of historical and background information on several of the pieces, and over 500 items are enhanced by quality illustrations. In short, we have put forth every effort in order to give you not just another list of the items we have in our vast inventory, but a valuable, illustrated numismatic reference work that we hope you will find interesting and informative.

As always, you can expect to receive properly graded and catalogued material when you order from RARCOA, an important consideration in today's market where the difference of only one grade (or even a half grade, for that matter) can mean many dollars' cost variation. Please remember this important fact as you browse through the listing.

Finally, you can rest assured that you are dealing with a firm that places professional integrity very high on its list of priorities. We unconditionally guarantee and stand behind everything we sell, and we do not consider any transaction completed until you, the customer, are totally satisfied.

1837 Feuchtwanger Cent. This trial strike, as well as some three-cent pieces of the same metallic composition, was produced in 1837 by Dr. Lewis Feuchtwanger. His alloy was composed of nickel, copper and some zinc, and the proposal was given to Congress as his effort in reducing the cumbersome size of the Large Cent and making up the difference in intrinsic value by substituting metals of a higher value per unit of weight. The proposal was defeated, since Large Cents were coined for twenty more years, but the advent of the Flying Eagle Cents of 1856 can be considered a direct result of Dr. Feuchtwanger's efforts. FLYING EAGLE CENTS

1856 BRILLIANT PROOF with very light golden toning. Although this coin is considered a pattern issue since the Act authorizing small cents was not passed until February 21, 1857, its relatively large mintage (for a true pattern) plus the fact that many 'business strikes' are known (from several different die combinations) might tend to disprove this. Nevertheless, one of the Rarest of all small cents and always in popular demand 1950.00

1857 VF $19.00; GEM BU with full original Mint lustre 400.00

1858 Small Letters. VG $8.00; VF $19.00; Choice AU 95.00

1858 Large Letters. BRILLIANT PROOF! A lovely specimen that possesses a hint of light golden toning over virtually immaculate surfaces. With a mintage estimated at only 80 pieces, and time and attrition taking their inevitable toll, it would not be exaggerating to call this coin a major RARITY! This little jewel can be yours for only 2250.00

TWENTY CENT PIECES

1875 The Twenty Cent piece has always been popular due to its short-lived issue and very low mintage. It is necessary for inclusion in any type set of U.S. coinage, and is becoming increasingly difficult to find. Good-plus $45.00; VG-F, 'Liberty' weakly struck 45.00

CAPPED BUST QUARTERS

1815 Large Size. Good $39.50; **SUPERB GEM UNC,** variety with the counterstamp 'E' above the head on Obv. These counterstamps (L, E, etc.) were supposedly applied at the Mint to indicate that the coins were struck on planchets of 'light' or 'excess' weight, but extensive research has failed to come up with any conclusive answers to this question. This is a very interesting coin in absolutely beautiful condition—fully struck and lustrous 2950.00

1828 25 over 50 C. The same Rev. die as used in 1822, then set aside when the die blunder was noticed. For some unexplained reason, perhaps early Mint economy, the die resurfaced in 1828 to be used again in striking Quarter Dollars. An interesting coin. VG 97.50

FLOWING HAIR HALF DOLLARS

1795 VG $195.00; Fine, evenly worn 265.00

DRAPED BUST HALF DOLLARS

1796 Small Eagle Reverse, 15 Star Obverse. Choice EF, being very sharply struck with all details clear. Nice surfaces with golden toning, especially on the Obv. about the periphery. There are some very faint adjustment marks through the eagle's left leg, hardly noticeable, and a minor weakness through the Obv. edge denticles from the 8th star to the R in 'LIBERTY.' The Rarity of this coin cannot be overexaggerated, since the total mintage for both 1796 and 1797 coins does not exceed 4000 in total. This is one of only two years of issue for the Draped Bust Type with Small Eagle Rev., and as such is necessary for inclusion in any complete type set of U.S. coins 13,950.00

1801 Heraldic Eagle Reverse. VG, mintage of only about 30,000 pieces 135.00

Extremely well struck with every strand of Miss Liberty's hair being sharp and bold, along with the eagle's feathers and other details. A very Scarce date, especially in this condition where Scott's calls it 'extremely rare in UNC.' An opportunity for the Half Dollar specialist to acquire a superb and seldom offered item 4950.00

LIBERTY SEATED SILVER DOLLARS

1836 Gobrecht Pattern Dollar. Name of designer on base, Eagle flying left in field of stars, Plain Edge. The Liberty Seated device of Christian Gobrecht was first employed for regular Mint issues in 1837 (Dimes and Half Dimes) and was first used for Silver Dollars beginning in 1840. Mintage figures for the Gobrecht Pattern Dollars cannot be considered accurate since restrikes were make ca. 1858-60, but, in all likelihood, the two pieces we offer were part of the Dec. 31, 1836 striking since the dies are aligned up-up and show no signs of cracking. These pieces were originally struck as Proofs, but got into circulation as did several of these patterns. **VF** $1200.00; Lustrous EF with light golden toning and two pin-point marks in Obv. field 1495.00

AUTOGRAPHS

For the first time in our history, we are pleased to offer a wide selection of autographs. These autographs include signatures of U.S. Presidents and First Ladies, famous Statesmen, Literary figures, Scientists and even a letter from Wyatt Earp, a famous U.S. Marshal from the Old West.

All the material we offer is suitable for framing and, as such, would make a handsome addition to the wall of any den or office.

As usual, every item we offer is unconditionally guaranteed as to authenticity, and your personal satisfaction is a must. Each specimen is personally examined, documented and catalogued by our resident member of the prestigious Manuscript Society whose knowledge is at your disposal at any time.

Besides the many items we have listed here, we have an extensive inventory containing hundreds of other pieces. So if you are in need of a particular piece you do not see listed in out catalogue, please call or write — if we do not have it, we will do our best to acquire it for you. And if you have material to sell, please remember us.

JOIN THE A.N.A.

TO HELP MAKE YOUR HOBBY MORE REWARDING AND WORTHWHILE

The American Numismatic Association, founded in 1891, is the largest and most active organization for coin collectors in the world. It is a nonprofit organization chartered by Congress. Most of its 25,000 carefully selected members are adult residents of the United States, but several hundred live in other countries, and its Young Numismatists are active and enthusiastic. The ANA welcomes to membership all persons of good character, 11 years of age and older, who have a sincere interest in collecting and studying coins, paper money, tokens, medals and other numismatic items. The dues are low, the prestige and services that go with the privilege of membership have great value.

ADVANTAGES OF MEMBERSHIP

ANA membership makes it easier for you, as a collector, to make a serious study of the area of numismatics that interests you — to build up a real knowledge of your specialty while you are building your collection.

- *The Numismatist,* the Association's official magazine, is mailed free each month to all members except Associates. The editor publishes the best articles available on popular phases of collecting, identifying, and caring for money, tokens and medals. Most issues have 160 or more pages, with top quality illustrations. You will read of newsworthy men and collections, new coin issues of the world, new books, fakes that can hurt your collection, and editorial comments and Association news. *The Numismatist* accepts advertisements from members only, whose reliability is outstanding, and who agree to abide by the ANA Code of Ethics and Bylaws.

- When you are a new member, you receive without charge a copy of the 48-page *Introduction to Numismatics,* and the *Dictionary of Numismatic Terms*. Reprints of many articles from past issues of *The Numismatist* can be purchased.

- Use of the largest circulating numismatic library in the world is one of your privileges as a member. The only charge for borrowing reference books is the postage round-trip from Colorado Springs.

- A museum with displays and study collections has recently been opened in the Colorado Springs headquarters. Visitors are welcome.

- The Association, in conjunction with Colorado College, conducts a week-long seminar every July covering a variety of subjects. Tuition includes room and board, field trips, lectures by noted authorities, and use of college facilities. Write for further details.

- Insurance on numismatic collections and a hospital money plan are available to members. Being group insurance, the costs are lower than on individual policies. Both plans are adminstered for ANA by a long-established insurance agency.
